

Shelf Trays

Our range of shelf trays are designed for strength and ease to use at a competitive price.

Our shelf trays feature a spring loaded shelf stop at the back of the tray. This means the tray can be withdrawn from the shelf and suspended offering around 90% clear picking. This stop also acts as a handle to make it easier to carry.

With shelf trays available in 3 depths, 2 widths and 2 heights any configuration can be designed to offer the maximum high density storage solution. Trays can be sub divided from left to right and all trays and dividers come with labels.
